

FOR PRIVATE SALE AS AN ON-GOING ENTITY

Line 1

Health Bar Processing, Forming, Cutting and Wrapping Line Comprising Stainless Steel Framed 8kg to 25kg Horizontal Electric Nut and Seed Dry Roasting Barrel with Load/Unload Access, mobile Stainless steel Collection/Cooling Bin, Control, Geared Drive to 415V 3 Phase Electric Motor and Switch

with

Savage Bros Stainless Steel Gas Fired Ingredients Mixing and Cooking Unit, Twin Copper Approx 50 Litre Cooking Pots, Retractable Mixing Head, Steel Framed Mobile Treadle Hydraulic Pot Storage Stand, Swing Away Attendants Table, Control to 415V 3 Phase Electric Motor and Switch

with

Stainless Steel Heavy Duty Approx 60 Litre Capacity Z Arm Mixing Machine with Swing Away Safety Cover, Tipping Mixing Bin, Control to 415V 3 Phase Electric Motor and Switch

with

2 Stainless Steel and Steel Framed Double Sided Bar Preparation/Forming Tables each Approx 2m x 1m

with

Stainless Steel Framed Motorised Health Bar Twin Head Length and Width Cutting Line with Approx 3m x 500mm Rubber Belt Pass Through Conveyor, each Head with Geared Drive, Control to 240V Single Phase Electric Motor and Switch

with

Stainless Steel Framed Mobile Preparation Bench Approx 2.4m x 1m

with

Fuji Motorised Stainless Steel Product Form, Fill and Sealing Machine Model: FW341M2 with Stainless Steel Chain Feed-In Conveyor, Wrapping and Sealing Heads, Rubber Belt Outfeed Conveyor, Kempster and Love Metal Detectors with Twin Rubber Belt Pass Through Conveyors and Operators Stainless Steel Table and Steel and Timber Framed Foldaway Packing Table with Quantity Plastic Stackable Product Bins

Line 2

Yamato Dataweigh Volume Weighing, Filling and Sealing Machine with Stainless Steel Vibratory Infeed Hopper, Steel Framed Bucket Elevating Load Conveyor, Volume Weighing Head with Metalcheck 9 Metal Detector, Bag Sealing and Filling Head, Rubber Belt Elevating Take-Out Conveyor with Metalcheck Metal Detector, Control to 415V 3 Phase Electric Motor and Switch Whole Mounted on Heavy Duty Steel Framed Stand with Ladder Access and Safety Barricades and Quantity Stackable Plastic Storage Bins with Mobile Base

Line 3

Process Systems Stainless Steel Framed Motorised Continuous Product Sheet Forming and Cooling Line with Stainless Steel Flow Head and Heating Station, Rubber Belt Motorised Feed In Conveyor, Stainless Steel Refrigerated Cooling Tunnel with Infeed Pass Through and Take Out Conveyors, Control to 415V 3 Phase Electric Motor and Switch, Overall Length Approx 25m

Line 4

Stainless Steel Motorised Gas Fired Nut Oil Roasting Line Comprising Raw Nut Load Hopper, Cleated Rubber Belt Elevating Conveyor, Vibratory Dust/Fragment Sieve Head, Stainless Steel Oil Bath Roasting Tunnel with Overhead Hood and Extraction Ducts to Atmosphere, Mesh Belt Pass Through Conveyor, Take Out Slide with Overhead Salt/Flavouring Head, Rotary Mixing Drum and Stainless Steel Mesh Belt Elevating Outfeed Conveyor, Twin Stainless Steel Oil Storage Drums on Stand each Approx 300 Litre, Control to 415V 3 Phase Electric Motor and Switch and Stainless Steel Mobile Nut Collection Bench (Capacity Approx 3-4 Tonne Per Day)

Peripheral/Related Equipment

Nissan LPG 1600kg Forklift Model: H01-M18, McMillan MCS27 Air Compressor Plant, 3M-Matic Box Taping Machine Conveyor with Infeed/Outfeed Conveyor, Stainless Steel Silent Cutters, Steel Mixers, Various Seals, Work Benches, Pallet Racking, Shelving, Chocolate Storage/Heating Tanks, Stainless Steel Vibratory Hopper, OSP Motorised Labelling Machine Type: 4800, Sundry Equipment, Office Furniture
